ROOSEVELT SAYS HE WON'T RUN FOR PRESIDENT

Declares Governorship of New York Has No Attraction for Him

NEW YORK, May 20.—(Associated Press by Federal Wireles)—Roosevelt today reaffirmed the verity of the discovery of the heretofore unknown river which he named the "River of Doubt." He denied the report that he was a presidential possibility in 1916 and added that he has no intention of running for governor of New York. The colonel will leave in ten days for Spain to attend the wedding of his son, Kermit.

Superb Group Will Crown Great Portal In Palace of Varied Industries at Panama-Pacific International Exposition

© 1914 by Panama-Pacific International Exposition Co. H. S. Crocker Co., official photographers.

The tympanum shown in the above photograph will be set over the main door of the Palace of Varied Industries at the Panama-Pacific International Exposition in San Francisco in 1915. The group is the work of Mr. Ralph Stackpole, one of the most brilliant of the younger sculptors who will make their impression upon a wider public during the Exposition.

This alto relief will be set within an embellishment which is one of the purest as well as the costliest architectural reproductions upon the Exposition grounds, this doorway being an exact replica of the portal of the Salamanca cathedral in Spain, reproduced at a cost of \$15,000. The tympanum, which is original, is the only deviation from the portal copied.

Stackpole is a pupil of Mercie of Paris, but his work shows signs of the influence of Meunier. Like the great Belgian, he is fond of making truthful and sympathetic representations of the types who play their part in the great industrial epoch of today. Before he became a sculptor Mr. Stackpole was a miner, and his work had attracted wide attention even before he went to Europe to study.

SUPERVISORS DIVIDED ON GRANTING LICENSE TO NOTLEY DANCE HALL

Report Fails to Touch Moral Phase of Institution and is Referred Back

Supervisors took sides in a warm dispute last night on the question of the renewal of the Notley dance hall license, a petition for which has been before the board for some time.

Judge W. L. Whitney, chairman of the committee of dance hall inspectors, submitted a report in which he stated he saw no reason for the renewal of such license on account of location or care of the premises, but he side-stepped entirely the moral phase of the question, which some of the supervisors say is a very important consideration in this case.

In the end the report was referred back to the inspectors, with two petitions, one petition being for the renewal of the license, the other against it. The inspectors are to be asked to turn in a majority report. The one read last night was simply signed by Judge Whitney, as chairman, and read as follows:

"I am in receipt of your favor of the 17th inst. in re the application for a dance hall license. In response thereto your inspectors have examined the premises in general and beg leave to report that the same are in good condition. No reason arises for the refusal of such license on account of location or care of premises."

Attached to this report was one from the mayor, the last paragraph of which read:

"Upon the strength of my investigation and report of the inspectors which is herewith attached, I respectfully recommend that the license asked for by the above dance hall be granted."

It was after these reports had been read and the petitions, pro and con, that the warlike dispute came. Supervisor Walter first recommended that the license be granted. Hardisty seconded it. Then Supervisor Pacheco rose and began the opposition.

Two officers who were lately detailed there have been dismissed from the service because of the conduct at this dance hall.

There are plenty of amusements

for the enlisted men in town. We have plenty of dances given at different places which are morally good.

"It is up to us to protect the morals of the young girls in the community. I have gone into this dance hall and am convinced that it is objectionable from every moral standpoint."

Supervisor McClellan showed plainly his opposition to the application. He said in part:

"I agree with Supervisor Pacheco. This is a beautiful frame-up, and one with some politics mixed up in it. I have been to this dance hall, and have seen a few things going on in the back room—girls smoking cigarettes and doing all sorts of cuttings-up. It is like the Barbary Coast of San Francisco. I am prepared to vote against this application."

The discussion was brought to a close by the decision to refer the matter back to the inspectors. The supervisors seem to be about half for and half against the application.

The following is a summary of the business of the meeting:

Report from the road committee recommending that \$2400 be appropriated for retaining wall for Waiwae bridge, adopted.

Report from road committee favoring completion of Kapahulu road, asking passage of resolution requiring property owners on road to curb, and recommending appropriation of \$2640 for work, adopted.

Report from road committee recommending \$400 be appropriated for repair of Puuakea road, adopted.

Report from road committee asking \$1000 appropriation for oiling belt road in Koolau-poko and Waiwae districts, adopted.

Communication from superintendent of public works requesting supervisors to pay for curbing work done on Lot No. 1, Magellan avenue; referred to road committee and city and county attorney.

Request from Kamehameha Day celebration committee for use of public bath property on June 11, for the purpose of pageant; granted.

Communication from city and county engineer recommending repair of

A HAPPY CHILD IN JUST A FEW HOURS

When cross, constipated or if feverish give "California Syrup of Figs" then don't worry

Mother can rest, after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, a ur bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish, and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what age your little one—full of cold, or a sore throat, diarrhoea, stomach ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Fruit directions for babies, children of all ages, and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—advertisement.

Thirty-eight states of the Union have up to the present signified their intention of participating in the Panama-Pacific International Exposition to be held in San Francisco during the years 1915. The appropriations range from \$35,000 by North Dakota, to \$700,000 by the state of New York. Every state and territory in the Union will be represented in some way in the exhibit palaces.

CARUSO AGAIN SUED FOR BREACH OF PROMISE

[By Latest Mail]

NEW YORK.—Announcement was made for Enrico Caruso at the Hotel Knickerbocker that the tenor is again involved in litigation due to an affair of the heart. Speaking baldly, it was said that he has been sued by Miss Mildred Meffer for \$100,000 for alleged breach of promise of marriage.

Miss Meffer, according to the papers, on April 15, 1909, promised to marry Caruso on his plea. He was to marry her in the fall, she alleges, but when he returned from abroad that fall he excused himself on the ground that he could not break into his profitable opera season for a honeymoon. She went abroad with him the following season, according to papers, and toured France, Italy and England.

The wedding was postponed again that fall, she alleges, and again the following spring. There were more postponements until March 13, 1913, when he abandoned her.
